RON SANDERS
SEC./TREAS.

~
ART SCHEURER
SAFETY
COORDINATOR

~
BRET MARTIN
AMA INTRO PILOT
INSTRUCTOR

Steve "Doc" Satlow

...a Celebration of Life

The Satlow family held a Celebration of Life for Doc in June. About 85 family and friends were in attendance. Several picture boards were on display along with a table display of planes provided by Fernando to represent Doc's favorite hobby. Along with a slide show, several family and friends related stories and humorous anecdotes about Doc.

Rest In Peace, Doc!

There is never a shortage of help when you need it at the field. George & Art are helping David put together his plane.

The field is looking so good. The grounds crews are doing a fantastic job keeping it ship-shape.

Not sure whose idea it was to place a streamer closer to the flight line, but I for one like it. The winds shift so frequently across the runway, it's easier to see rather than looking over my shoulder for the wind sock.

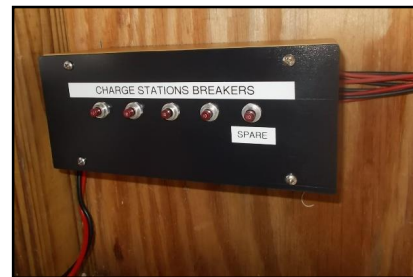

No Meetings July or August

A Message from Our President

Alex replaced the old fuse panel of our charging station with a resettable breaker box. The old box had LED lights that were causing a trickle drain on the main battery. This new box is more efficient and safer.

George K and I installed the safety and rules signs in our shelter area.

Our website now has a new section for Dave Da Glider Guy. He will be sharing his knowledge through a series of articles. You can read his general articles or ask him for specific articles of interest. Look for his name in our new "Spotlight" tab. <http://onewinglowssquadron.org/spotlight/>

This month Dave highlights the E-flite Night Radian. This

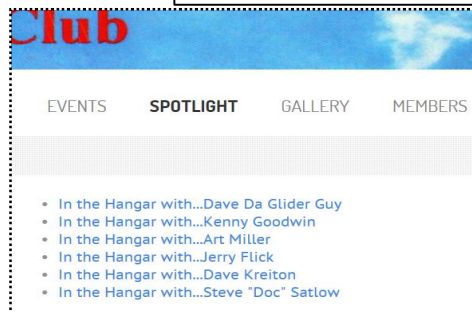

model seems popular and has been spotted at our field several times. At the time of this article the Night Radian BNF is on sale at Horizon Hobby's website for \$175 after entering the coupon code FLYSAFE.

Ron is recovering nicely from scheduled surgery. We wish him a speedy recovery.

I am happy to report that our club has been granted the AMA Silver Leader Club award. This award is a reflection of the hard work, support, and dedication of all past and present members. Congratulations to everyone!

Fernando Mesa, President

Yesteryear Photos...

Last month Fernando provided an old photo of himself and asked and encouraged others to do the same. Here is one of me and my family circa 1957. L. to R.: Dad, sister, brother, sister-in-law, brother, adorable little Billy, grandma, mom.

I am not sure why mom had a vise-like grip on my arm!

REST IN
PIECES

Obviously these
guys are or were
RC Modelers!!
