## Kenny World Lease

As you all know, Kenny World was sold to Green Tree Property Holdings, the company that owns all the land surrounding our field. A two-year lease agreement was negotiated by President Ron over several months time in which a section of the property was chiseled out for club use. Fortunately, it is flying as usual for us Owls. Ron spoke highly of our new lease holders during the negotiations. It is uncertain when or if our landlords will inhabit Kenny's house. Maybe some of the family members or employees can be encouraged to participate in our hobby.

**Kudos to Ron for his diligent work securing our lease.**

## Rest in Pieces

*...by Charles*

After many many days and hours by Bob and Fernando, tweaking every little detail, they had it tuned up just right! Then it happened. A real heart breaker! Bob's beautiful blue Hanger 9 Sbach 342 went gopher hunting. A great big ouch! Dug a deep hole! Sorry Bob and Fernando. %As always, we'll pick up the pieces, salvage the good parts, and do it again.+

## MEMBER APPECIATION FUNDAY & SWAPMEET

*...from our Prez*

øI would like to thank everyone that attended. We had good weather for what its worth, but a little on the chilly side until afternoon. The good news is that we got some nice donations for the planes and pieces parts that we had stored at Fernando's shed. All in all I realized that there is potential for swapmeet type events.ø

No grilling this year, but Ron and his wife served up plenty of food and subs from Winn-Dixie.
